Modern Bridgehampton

Bridgehampton. Located just one block from the pristine beach at the end of Ocean Road, this comfortable 3,500 SF, 5 bedroom modern home, recently refurbished, with a new Robert Bakes kitchen, offers an open, airy upstairs great room which accesses an outdoor terrace with views towards the ocean. This living area, warmed by a fireplace, while sun drenched during the day, will at night, be the focal point of all your entertaining. The expansive master suite with sitting area and fireplace is accessed through its own office and additionally offers dressing room, updated bathroom, complete with Jacuzzi and steam shower and private terrace. The first floor offers three additional guest suites and a den which could serve as the fifth bedroom. Broad decking frames the heated pool with a sea of grass just beyond. An attached, one car garage shelters your car, And if gently aged modernism is not your thing, you'll be happy to know that this lot can easily accommodate a new significant house, pool and a cabana of your own design. The ocean views from a future roof deck would be heroic. Now is the time to preview the first ever offering of this near ocean property before it disappears on the next tide.
