The season is in full swing here in the Hamptons, and parties, get-togethers and lazy beach days beckon. Our panel of East End experts share seasonal musts that you can't miss.

I love attending ArtSouthampton. Walking through the enormous tented gallery with new modern artists and their work is an inspiring experience. The Madoo Conservancy is a magical oasis of landscape art that should not be missed. But my favorite of all is the beach...any one of them. After all, that's what brings us all out here in the first place!

There are so many great places and things to do and see on the East End! I personally love being in the vibrant waterfront boating village of Sag Harbor seeing the boats and yachts in the harbor and then having lunch outside at the American Hotel, The Lobster B.L.T. is to die for! Of course, everyone loves the beautiful beaches of the Hamptons, including Sagg Main Beach and family favorite Sagg Pond, where kids love to frolic. On the west side of the canal, the Shinnecock Inlet is a great destination to grab a bite at one of the waterfront restaurants, go to the beach (if you are a surfer; the "Bowl" is still pumping!) or watch the fishing boats come in and see what bounty they have brought back to shore—just as in Montauk. One thing is for sure—keep an eye out for my summer airplane campaigns! They are sure to make you laugh as they fly by.

There are so many cool things to see on the East End in the summer. I love going out to the Montauk Lighthouse and stopping at Bostwick's in Amagansett on the way home for a bite.

I also love going to our East End farmer's markets like Country Garden or North Sea Farms for corn, tomatoes, fruit and flowers. An early morning visit to one of our magnificent beaches—whether bay or ocean—is a great way to start the day. We live in an amazingly beautiful place.

Some must sees: Sag Harbor village at night, any of our awesome beaches, and Sunset Beach, Shelter Island, on a Sunday night.
