DESIGNERS OWN MONTAUK OCEANFRONT SUMMER RENTAL

Montauk. Summer beach daze and sultry summer nights will await you each and every day if you are quick enough to rent renowned interior designer Vincente Wolf's beach front lair above the pristine sands of Montauk for any six weeks this summer. The homes of Malibu, Big Sur and the Caribbean have nothing on this totally renovated and expanded 5 bedroom oceanfront contemporary on three levels of living space that looks out to the sunrise over the Atlantic. His unique signature and personal collection abound within, as gorgeous stone floors connect generous common rooms flooded by sunlight with intimate spaces to provide room for large gatherings as well as quiet reflection. Begin and end your glorious days in an expansive master suite sequestered from the rest. Outside the heated, Gunite pool provides ample space to kick back, relax and watch the ships set sail. Walk next to the crashing surf while you decide on where to eat nearby. Perhaps at the newly redone Gurney's for lunch or après beach drinks at Surf Lodge or maybe dinner with the whole gang at the Harvest where large portions rule. Endless choices await the lucky renter who hooks this seldom available beach house before it disappears on the next tide.
