## Halsey Lane

**Bridgehampton.** You've always dreamt about that quintessential Hampton estate on 2 acres in Bridgehampton South, perhaps on Halsey Lane, bordering 20 acres of reserve, midway between village and ocean beaches. Hopefully the house would have been beautifully designed by talented architect John Laffey and masterfully executed by Breitenbach Builders. Wouldn't it be nice too if the interiors were professionally done by interior designer Hilary Wallace, with furnishings that could all be purchased separately? Certainly you imagine the languorous lunches and intimate dinners you'll enjoy, all prepared in the state of the art kitchen overlooking an informal living room with fireplace. Can't you just hear the conversation and laughter emanating from the gracious dining room? Of course having both a formal living room and a heated, screened porch both warmed by fireplaces, media room and sunroom would add greatly to your entertaining options. Naturally you'd want numerous sleeping options including a sumptuous master suite with expansive balcony with fireplace, guest bedrooms, with baths all ensuite and staff quarters conveniently located off the kitchen. Didn't your wish list include a finished lower level with gym and wine cellar? Since your Hampton reverie included broad covered porches, pool, pool house, tennis court and detached carriage house with finished space and full bathroom above, you just know that you want it all enhanced by an Ed Hollander designed landscape plan with ample lawn and stone patios behind a gated entry. Well...good news, dreams can come true as I just happen to have one if you're still in the market. You'd better hurry though as there aren't many beautifully maintained, 6,500 SF+/-, 6 bedroom, west facing traditionals, available at the moment. In fact, at this price, I would book your preview today!
