MATTHEWS LANE

Bridgehampton. Informed by an aesthetic that transcends centuries while celebrating the best of what's new, Matthews Lane joins the growing resume of highly styled, fully furnished Hampton estates originally produced by James Michael Howard, the renowned ICAA award-winning designer, that exemplify coherency in the abstract world of architecture, interiors and the landscape that contain them. In collaboration with McAlpine-Tankersley Architecture and Landscape Details, Howard completed this 7-bedroom residence in 2017 spanning 11,600 SF on three levels of fully articulated living space. Now being made available by stylish owners on the move who have put their own stamp on the estate, the journey begins as you pass under the porte-cochere and into the reception hall. The dramatic great room, under 30 ft. beamed ceilings, incorporates multiple seating areas, dining room and gallery, all warmed by a custom fireplace that anchors the room while walls of windows allow for an abundance of natural light. The state-of-the-art, eat-in kitchen, with 10-seat breakfast area, is warmed by its own fireplace. Additional common spaces include the media room and an intimate living room. The 1st floor primary wing with sitting area, fireplace and luxurious bath is joined upstairs by 4 guest suites including a secondary primary suite with roof terrace. The bedrooms are purposely positioned so that none have common walls. An elevator connects all floors to the lower level with two more-bedroom suites, a tiered state-of-the-art theater with plush 16-person seating, powder room, gym and large recreation room with fireplace and custom billiards table. Antiqued, hand-hewn oak flooring, geo-thermal heating, Control 4 technology, Lutron lighting and a full audio/visual package enhance the property's list of amenities. The lush, manicured grounds behind stone walls, including specimen trees, espalier apples and verdant lawn, are enhanced by the 18' X 60' heated pool and spa serviced by a covered cabana area that incorporates the pool house with full bath and dressing room, outdoor fireplace and built-in kitchen which connects over broad stone patios to the two-car garage. Being made available turnkey to the extreme, Matthews Lane lies midway between village and ocean beaches off Bridgehampton's iconic Ocean Road and close to everything that makes the Hamptons a world-class resort. Call for your personal tour today. **WEB# 27099**

70 Matthews Lane

As Described by James Michael Howard

“Down a long flag lot, sits an extremely private and secluded white Southern style house facing the sun. The site folds to the west and so it was decided that it should be a house with 4 fronts. It was the collaboration of a Southern designer, Southern architect and local gardener/ designer. The design team of Bobby McAlpine, Michael Derrig and myself, met frequently to place the correct size house within groups of elm, honey locust, boxwood parterre, espalier, and climbing hydrangeas. We mutually decided to avoid the cliché of brick, natural cedar, and bluestone. The house is painted in buff with sky blue shutters and doors and sashes in black green. In keeping with its Southern roots, Tennessee Valley stone was chosen for the foundation course and 6 chimneys and Michael found just enough reclaimed antique cobblestone for the Porte-Cochere. Oversized windows and doors allow massive amount of light inside creating rooms that are warm and lovely. Antiqued timber trusses and floors were placed adjacent to hand made parchment wall coverings, limed oak walls and fabric walls with tiny nail heads. Most of the furniture is custom as are all of the hand made Tibetan carpets. Once the floor plans were finalized, I planned a buying trip to Paris and England.” - JMH
