WHERE OCEAN VIEWS MEET ENDLESS SUMMER ON 3.5 ACRES IN SAGAPONACK

Sagaponack. Welcome to a rare and remarkable opportunity in the heart of the Hamptons' most coveted seaside village-Sagaponack. Positioned south of Daniels Lane and just moments from the beach, this exquisite traditional estate offers the ultimate in four-season luxury living. This recently reimagined residence spans 10,000± square feet of bespoke interiors and is set on 3.5 lush acres, all with beach access and unobstructed ocean views. Originally built by Fountainhead Construction from plans by John P. Laffey, and completely refurbished over the last 2 years, this stylish estate is a masterclass in East End elegance, comfort, and ease. The residence unfolds across three impeccably designed levels, beginning with a grand entry foyer that leads into a breathtaking double-height living room anchored by a stately fireplace. An adjacent informal living room provides a serene space for reading, TV or quiet retreat. The formal dining room flows effortlessly into a country-style kitchen that is both luxurious and lived-in, featuring its own fireplace, breakfast area, cozy lounge seating, and large-screen TV. Designed for chefs and entertainers alike, the kitchen boasts custom cabinetry, marble countertops, dual sinks, and top-of-the-line appliances including a Sub-Zero refrigerator, dual Bosch dishwashers, microwave, cappuccino machine, and a six-burner Viking range with griddle and double ovens. A butler's pantry with wine coolers, sink, and icemaker adds to the culinary allure. Also on the main floor: a guest bedroom with en-suite bath and heated floors, a mudroom, and a two-car garage for seamless arrivals. Privately accessed by its own staircase, the grand primary suite is a sanctuary all its own, complete with a fireplace, private ocean view terrace, a sitting room/office, walk-in closets, and a spa-inspired bath with Jacuzzi, steam shower, radiant heated floors, and dual vanities. Three additional guest suites, accessible via a dedicated staircase, provide enhanced comfort and complete privacy for fortunate weekend guests. Designed for leisure and retreat, the lower level features a large living room with full kitchen, home gym, massage room, staff suite, 2 full baths, sauna and a well-equipped laundry room. Whether you are hosting guests or recharging solo, this level is built to suit every mood. Step outside into a dreamy Hamptons escape, featuring a screened summer living room with a fireplace, TV, and plush seating overlooking a stunning 18' x 48' heated Gunite pool with automatic cover and full pool house. Surrounding stone patios offer ample lounging, while Broadview Landscape Design has crafted an environment of vibrant gardens, shaded walkways, and an expansive meadow area.
